

## EMERGENCY TARIFF PASSED BY HOUSE

### FINAL VOTE CAME AT THE CLOSE OF STORMY SESSION

Democrats and Few Republicans Harass  
Leaders for Several Hours—Fordney Said  
No Changes Would be Accepted by the  
Senate—Statement is Strongly Criticized

(By The Associated Press)  
WASHINGTON, April 15.—The house today passed the young emergency tariff and anti-dumping bill. The vote was 269 to 112, with two members voting "present." Passage of the measure came at the end of a stormy session during which a few Democrats aided by a few Republicans had harassed Republican leaders persistently for more than four hours. Charges that the Republicans had "bowed to the dictation of the senate" were hurled by Representative Garrett, Tennessee, acting Democratic leader and Representative Newton, Minnesota, and Representative Luce, Massachusetts, both Republicans.

The battle was later continued when Representative Mondell, Wyoming, Republican floor leader, announced a plan for the house to meet tomorrow to receive a report from the immigration committee. This was objected to by Mr. Garrett who said the Republican members of the immigration committee had acted without first having organized their committee. After a dozen exchanges, Mr. Mondell agreed to wait, and the house adjourned until Monday.

Discussion is Heated  
Heated discussion marked the tariff debate which revealed a wide split in the tariff program. The discussion was practically pointed when Representative Connolly, Democrat, Texas, chided his colleague, Representative Hudspeth for deserting his party.

Republicans voting against the bill included Stafford, Wisconsin, and Keller, Michigan.

Chairman Fordney of the ways and means committee precipitated the charges of senate dictation when he declared the senate would accept no changes in the bill as it was passed last session.

"Those are instructions," he added.

Mr. Newton who had the floor retorted that he would not "surrender judgment and intelligence," both on a question on which he felt he was right, "senators notwithstanding."

Most Amazing Admission  
"I don't propose to have the house accept the dictation of the other body," he exclaimed. "That admission by Mr. Fordney is the most amazing I have heard in my 35 years experience in the house."

Representative Garner of Texas shouted.

"It appears that the constitution is being violated for it says explicitly that revenue measures must originate in the house and here we have the chairman of the ways and means committee admitting frankly that the bill was dictated by the senate."

Representative Mann, Republican, Illinois, attempted to smooth the troubled matters, but the Democrats kept up a running fire of wit and sarcasm during the rest of the debate.

Mr. Fordney's earlier declaration that no amendments could be attached was followed by the Republicans who downed every attempt to make changes. Republicans who sought to amend the bill were disposed of with the same celerity as Democrats and the bill now goes to the senate.

JUDICIAL CANDIDATES  
IN SIXTH DISTRICT  
Decatur, Ill., April 15.—James S. Baldwin, Decatur; Franklin H. Boggs of Champaign and George A. Sentele of Sullivan, were selected as the Republican candidates for the circuit judge of the sixth district in the judicial convention here today.

Baldwin and Boggs were nominated on the first roll call and Sentele won third place on the ticket. On the first roll call, his opponents were Frank L. Lemon of Dewitt and Clyde Walmsley of Douglas county.

NICARAGUAN VOLCANO  
IN ACTIVE ERUPTION  
Managua, Nicaragua, April 15.—The volcano Masaya, Central America's "burning mountain" is in active eruption. The town of Masaya which is about twenty miles southeast of Managua lies at the foot of the volcano.

Large columns of smoke and fire are being thrown from the crater and earth tremors are accompanying the eruption.

ELGIN CHIEF OF  
POLICE DROPS DEAD  
Elgin, Ill., April 15.—B. Frank Gaham, chief of police of Elgin, dropped dead at his home tonight. Chief Gaham who was 68 years old, had served on the force 25 years. Death was due to apoplexy.

### SHOP MEN REGARD DECISION OF BOARD AS GREAT VICTORY

Attitude, However, is  
Not Shared by all  
Labor Leaders

SAMUEL GOMPERS  
ISSUES STATEMENT

(By The Associated Press)  
CHICAGO, April 15.—Abrogation of the national agreements between the railroads and their employees announced yesterday by the railroad labor board, was officially accepted tonight by the executive council of the shop trades in a statement which hailed the decision as a great victory for labor, declaring it did not impair labor's economic or social status.

About 500,000 men are employed in the shop crafts.

The railroads, thru the conference committee of the Association of Railway Executives and thru statements from the heads of individual roads approved the decision as a whole altho criticizing certain features of it.

The attitude of the shop trades council, however, apparently was not shared by all labor leaders. Samuel Gompers, president of the American Federation of Labor in a statement issued in New York declared the board must have been "influenced by big business" while others termed the decision "the work of the steel trust."

Suits Both Sides  
The labor board expressed satisfaction over the fact that the decision apparently had met with approval from both sides, declaring this indicated that it had at least opened the way to permanent industrial peace between railroad employees and employers.

The decision to permit individual conferences between each road and its employees instead of granting labor's request for one national conference was said by board members to have been the only course open to the board.

There is nothing in the law to authorize the board to set up a national conference or a national set of agreements, said a member of the public group.

"Every railroad has the inalienable right to negotiate with its employees if it so desires and every citizen has the right to make his own terms with his own employers if he so desires. Neither could be bound by concerted action on either side."

Statement of Council  
The statement issued by the executive council of the shop trades said in part:

"Railway employees can accept the decision because it involves no impairment of their economic or social status. Indeed to have this code promulgated by a governmental agency such as the railroad labor board means more to organized labor than any code that has ever been established in any industry. It is a vindication of the fundamental principles for which we have contended consistently and persistently and its acceptance in good faith by railroad management will mean that the public interest will be fully conserved."

"One of the greatest sources of gratification to us in the decision is the rebuke to the minority group of railroad executives who have been merely interested in the misguided effort to destroy the labor organizations of employees than they have in securing the co-operation of railway workers, and in operating the railroad properties, entrusted to their supervision, with economy and success."

"We believe the decision marks a new era in industrial freedom."

RESOLUTION ON  
DISARMAMENT  
Washington, April 15.—A resolution urging President Harding to invite Great Britain, France and Italy and Japan to a disarmament conference here was introduced today by Representative Rogers of Massachusetts, ranking Republican member of the house foreign affairs committee. It also would declare that until a program for the reduction of armaments is agreed to by the principal nations of the world, it is hereby declared to be the policy of the congress that the United States should have a navy second to none.

MEXICO CAN START  
PAYING INTEREST  
Mexico City, April 15.—President Obregon will tell the members of the cabinet at a meeting tomorrow that Mexico can start payment of interests on its foreign debt and that immediate arrangements may be made for use of the major portion of 16,000,000 pesos now in the national treasury to that end, according to well authenticated reports in newspaper circles today.

CARDINAL DOUGHERTY  
WARNS AGAINST BOLSEVISM  
Philadelphia, April 15.—Dennis Cardinal Dougherty speaking at a public reception tendered tonight by the citizens of Philadelphia in honor of his elevation to the sacred college warned his hearers against the perils of Bolsevism. He declared the time had come to set the danger signals because the growing reports that the people of America are drifting away from religion,

### Sixteen Are Killed In Arkansas Storm

(By The Associated Press)  
TEXARKANA, Ark., April 15.—Starting at a point about three miles east of Texarkana, a tornado this afternoon swept the northeast corner of the state over an area varying from a half mile to nearly two miles in width and ten miles long killing six identified persons, three of whom are negroes and according to reliable reports, killing all the members of the Moffett and Jones families on a plantation in the Red River bottom. There were three in the Moffett family and five in the Jones family. Several negroes also are reported dead there.

Two unknown negroes were killed southwest of Texarkana by a secondary storm. More than a score of persons have been injured.

At Shiloh six miles east of Texarkana, a school house was wrecked. Four children were injured. The school house at Trigg was wrecked just after the school had been dismissed.

Everything on the Boyce, Potter and Sims plantations, all large places with many tenant houses, was destroyed.

Longview, Texas, April 15.—A tornado passed northeast of Gladewater, near here today, wrecking three residences and seriously injuring a woman.

Little Rock, Ark., April.—Several persons are reported killed

### RECONSTRUCTION LEAGUE TO HELP IN LEGISLATION

Will Organize in Congressional Districts to Help Congress

FORMER COMPTROLLER  
ONE OF SPEAKERS

(By The Associated Press)  
WASHINGTON, April 15.—Organization of branches in congressional districts to encourage support for legislation in congress was decided upon tonight by the Peoples Reconstruction League at the close of a two days' conference. Opposition to a sales tax, passage of a packer control legislation restoration of the operation of railroads to government control and heavy taxes on incomes and estates, were declared to be the principal points the league will urge.

Speaking today before the conference on menace of the monopoly of credit, Representative Sinclair, Republican, North Dakota said congress should assert its constitutional function of the issuance and control of money.

"We have today," he said, "not a national currency in circulation among the people, but a bankers' currency."

John Skelton Williams, former comptroller of the currency who was another speaker, declared that congress should amend the federal reserve act as to make it not only fool proof and crooked proof, but immune from the disease which I call "bureaumania."

Senator Borah, Idaho, addressed the conference at the closing session tonight on disarmament.

### SAMUEL GOMPERS TO WED IN NEAR FUTURE

Labor Leader Will Marry Mrs. Gertrude Gieves Neuscheler—Date Not Yet Announced.

(By The Associated Press)  
New York, April 15.—Samuel Gompers, president of the American Federation of Labor tonight authorized the announcement of his engagement to Mrs. Gertrude Gieves Neuscheler of this city. The marriage will take place in the near future.

Mr. Gompers lost his first wife thru death a year ago. He is the father of six children, thru whom he has several grandchildren.

Mrs. Neuscheler, who is 38, is the daughter of Mr. and Mrs. Thomas J. Gieves of Zanesville, O.

While no definite date has been set for the marriage, it will be held some time before the annual convention of the American Federation of Labor in June which Mr. Gompers will attend with his bride.

### JOHNSON CRITICIZES HARDING'S STAND ON COLOMBIAN TREATY

Use Money for Domestic Relief Says California Senator

LENROOT WOULD NOT  
STAIN U. S. HONOR

(By The Associated Press)  
WASHINGTON, April 15.—The Colombia treaty was brought under hostile fire today in the senate.

Two Republican senators of the progressive group, Johnson of California and Lenroot of Wisconsin attacked the pending pact for three hours as a wrong to Theodore Roosevelt and an invitation to every crooked nation to blackmail the United States.

When they had concluded, Senator Watson, Democrat, Georgia, turned on administration leaders supporting ratification and accused Senator Lodge of Massachusetts of having changed from opposition to support "because of an oil concession which Secretary Fall has piped-lined into this treaty."

Despite the hot fire from opponents, administration leaders sent assurances to President Harding that sufficient votes were in prospect to bring about ratification next Wednesday.

Ratification of the treaty with its provision for payment of \$25,000,000 to Colombia for the loss of Panama with its canal rights, Senator Johnson told the senate would be the first squander of money under the banner of economy, if the United States government has \$25,000,000 to spend it would be much better to use it for the relief of America's farmers and starving disabled soldiers and the unemployed.

Criticizes President.  
Senator Johnson charged President Harding with "preaching economy in one breath," and in another urging that \$25,000,000 be "squandered and thrown away" on Colombia for a mythical purpose yet to be disclosed.

Concluding his address he declared the present treaty did more than Roosevelt and Theodore Roosevelt, and added:

"It wrongs and dishonors a great nation. The name of Theodore Roosevelt is secure and the Panama Canal stands as his great monument. I decline to write on that monument dishonor to my country and infamy to my people."

Continuing the attack, Senator Lenroot declared the treaty "if ratified will be but the beginning of unjust demands from others with the threat of exclusion of American participation in the development of their resources unless granted."

Would Not Stain Country's Honor.  
Senator Lenroot informed the senate he could not vote to ratify the treaty "because I want the honor of our country to go down thru the ages without a single stain."

Relations between the United States and Colombia, Mr. Lenroot contended, should be founded on justice and right rather than on the payment of any sum of money.

Senator Watson declared that Colombia thru the revolt of Panama merely lost some material lakes, some mosquitoes, infested swamps and uncontrolled rivers which Colombia straddled unable to bring one leg to the other."

Addressing his remarks to Senator Pomerene, Democrat, Ohio, who yesterday supported ratification, Mr. Watson declared the Ohio senator had made charges that some one stole Panama, but failed to name the robber. Senator Watson also declared that Senator Lodge had changed his mind regarding the treaty but should not ask others to "make every turn of the wheel with him."

Opponents of ratification plan to continue their attack tomorrow with Senator Pomerene, Washington, and Kenyon, Iowa, Republicans, as the speakers.

USE OF POISONOUS  
GAS IN WAR HUMANE  
Chicago, April 15.—The use of poisonous gas in warfare is humanitarian, Prof. W. Lee Lewis of Northwestern University said in an address today. Professor Lewis who recently invented a poisonous gas with which the war department is experimenting, said annual pensions of \$10,000 was introduced in the senate today by Senator Calder, Republican, New York, and in the house by Representative Baker, Republican, Missouri.

### ACTIVE CAMPAIGN IS BEGUN TO ORGANIZE THE STEEL INDUSTRY

Plan for Nationwide Educational Drive  
Among Steel Workers, Especially Those  
Who Are Unemployed—Headquarters  
Probably Will be Established in Chicago

(By The Associated Press)  
WASHINGTON, April 15.—The active campaign of National and International organizations in the steel industry affiliated with the American Federation of Labor to unionize steel plants will begin June 19, the executive council of the unions decided today. This action was decided upon, it was said, notwithstanding unemployment and depressed conditions.

The council decided to lay the foundation for the unionization work by immediately launching a nationwide educational drive among thousands of steel workers, especially those unemployed.

The steel campaign will be opened with a meeting of the executive council at Denver, Colorado when the organization program and the local union of the steel committee's national headquarters will be finally announced.

The council it is understood has practically decided to open its national headquarters in Chicago with a larger branch office at Pittsburgh, Pa.

"Chicago is a strategic steel center and organized labor there is backing the new campaign with all its resources," William Hannon, secretary of the council said today. "Because of this and other advantages it is considered the logical location of our headquarters."

Reports from all parts of the country Michael Tighe, international president of the Amalgamated association of Iron, Steel and Tin Workers and chairman of the council said, "indicated that the United States Steel corporation was operating at about 30 per cent of its capacity."

Conditions are not very favorable," he added. "Thousands of steel workers are out of employment and the future prospects are not very encouraging. We are fully cognizant of the situation we are facing and for this reason are taking our time in getting the new movement underway. We feel this is the opportune time, however, to launch a union educational drive among the thousands of unemployed steel workers."

Workers Want Union.  
"The steel workers of the country have demonstrated that they wanted to be unionized and this committee proposes to give them what they want altho it may take some time."

The council will not concern itself with the reports that the United States Steel corporation is to reduce wages or put into effect the eight hour work day, Secretary Hannon said adding that we feel that Mr. Gary and his associates have definite plans for the future of the workers and will put into effect when the time comes regardless of anything we can do at the present time.

No definite plans have been made for financing the new movement, Mr. Hannon said, explaining that there were sufficient funds now at hand, approximately \$70,000—to initiate the campaign. As the active campaign will be launched while the national convention of the American Federation of Labor is in session in Denver, leaders said they expected federation would give special aid to the new movement, which is being conducted by fourteen unions in the steel industry.

A fire in one great Japanese city resulted in the burning of 4,000 houses. Its fortunate that this disaster did not occur in any great American city, where the housing situation is already as acute as the people can endure.

## THAT TEMPTING RATE

Times are said to be tight and the average individual is guarding his expenditures much more carefully than he did a year ago. But that fact did not prevent a great many Jacksonville people from taking advantage of the excursion rate to Chicago. However, there is no denying that a rate of \$5.40 by comparison with \$16.80 has its allurements.

## THE PATROL BILL

One measure before the Illinois legislature that seems to be gaining in strength is the state patrol bill. It provides for the patrolling of downstate roadways and has for its purpose the proper maintenance of these roads. But it is proposed to give the men engaged in patrol work certain police powers that will afford protection to the rural communities.

It seems quite possible that this measure, which does not have such definite opposition as that brought the state police bill, may become a law and provide much of the protection proposed in the police measure.

## TAX BURDENS

It is the purpose of the national administration, because of the public demands and needs of the situation, to bring about some reduction in federal taxation. It would not be amiss for members of the legislature to take note of this situation at Washington and then to bear in mind that there must be a limit to taxation that the legislature imposes.

Those citizens who argue that taxation has already gone beyond the limit of safety really have the logic and facts to support their claim.

## NO DISPUTE

It takes two parties to make a dispute. This is the viewpoint of Chicago & Alton employees who have been asked to accept a wage reduction. The employees replied to the road president's three hour argument simply with the statement: "We have no complaint to make." Evidently this is the course the employees have marked out to prevent consideration of the case before the wage board. They insist that there is nothing for the board to act upon so long as there is no "dispute."

## HAS MADE GOOD RECORD

While there is little doing in election interest, it is said that there will be quite an active campaign in the third ward Tuesday. George A. Moore is seeking re-election on the Republican ticket. Mr. Moore has served acceptably for the past two years without pay and has worked consistently for the best interests of the people as a whole. Having signified his willingness to serve again, the people of the ward will do well to return him to the council for the coming two years.

## ROUNDS THE AMERICAN DOLLAR

The New York Times speaks of a protective tariff as a "vicious circle." It is a circle, all right, or the maker of a circle. It keeps the American dollar circulating at home. If you send a dollar to Europe to buy goods, the dollar is gone, thereafter to circulate on the other side of the Atlantic. If you buy American goods with that dollar, as you are encouraged to do by a protective tariff, the dollar goes from the retail merchant to the wholesaler, to the jobber, to the manufacturer, to the laborer, to the groceryman, to the farmer, to the blacksmith, to the iron miner and on around the circle till it gets back where it started.

## Funerals

**Cline.**

Funeral services for Mrs. Nancy Cline were held from Pleasant Presbyterian church at 2 o'clock Friday afternoon in charge of the Rev. W. H. Roy.

Music was furnished by Homer Wood and Mrs. Mary Ausmus. The flowers were cared for by Misses Nina and Bessie Cordery. Burial was in Union cemetery.

**Purvines.**

Funeral services for the late Dr. Louis Gaines Purvines were held at 10 o'clock Friday morning from the home of his parents, Mr. and Mrs. Nathan Purvines. The services were largely attended, many Ashland residents being present, in addition to a number of members of Ansar Shrine of Springfield, with which order the deceased was affiliated.

The services were in charge of Rev. J. A. Betcher, pastor of the M. E. church of Ashland. Music was furnished by a quartet including Mrs. W. S. Reaick, Mrs. Penn, Mrs. Harry Lohman and Rev. J. A. Betcher. The quartet sang "Beautiful Isle of Somewhere," and Rev. Mr. Betcher sang as a solo "Shadows."

The floral tributes were especially beautiful and were cared for by Mrs. Mildred McAvoy, Mrs. C. H. Bennett, Miss Jane Harrison and Henry Strawn.

The bearers, all members of the A. F. & A. M. lodge of Ashland, were P. C. Walbaum, John Adkins, H. J. Lohman, William McCubbins, George Wittlinger and F. W. McLaughlin.

Following the services the remains were taken to Basco, Ill., for interment.

## Deaths

**Caldwell.**

The infant son of Mr. and Mrs. Eugene Caldwell died at Our Savior's hospital at 7:30 o'clock Friday evening. The remains were removed to the undertaking parlors of Williamson and Son and prepared for burial. Brief funeral services will be held at the parlors at 2 o'clock this afternoon with burial in Elmhurst cemetery.

**Haley.**

Frank D. Haley, who has been a resident of the Old People's Home on Grove street, died there Thursday. The remains were taken to the Gilham Funeral Home and yesterday were sent to Belleville, Kan., for interment. The remains were accompanied by W. M. Matthews of Illinois, a nephew of the deceased.

Mrs. W. F. Thompson of Roadhouse has returned after spending a week with her daughter, Mrs. Vernon Rexroat, on Diamond Court.

**WITH THE SICK**

Edmund Blackburn, who has been ill for several weeks, was considered in a more serious condition yesterday and two sons who are not resident here have been summoned.

Miss Norah Endsley and sister, Mrs. John Lloyd have gone to Chicago to visit relatives over the week-end.

## RED CROSS RECREATIONAL SURVEY

## Boy Scouts.

For some years there have been several Boy Scout troops in Jacksonville which have done good work, but the movement has never really taken hold of the community. Recently additional troops have been organized, making the total number 6, with an average membership of 31. A few organized outside of Jacksonville have been short lived. A number of additional troops are organizing in the city and also in some of the villages of the county. Under the leadership of the Rotary Club an effort promising success is being made to organize a County Advisory council and to secure funds for the employment of a paid Scout Executive who will organize and direct the work of the entire county.

The club house on Meadosia Bay, 24 miles from Jacksonville, erected by the Rotary club for the exclusive use of supervised groups of young people, is comfortable and sanitary and available for the free use of Boy Scouts as a cottage camp.

## Camp Fire Girls.

Jacksonville now has six Camp Fire groups with an average membership of twelve or fifteen girls. Some of them are doing efficient work, others are not so well organized. Other groups of girls, both in Jacksonville and in some of the villages are contemplating organizations.

## Theaters and Moving Pictures.

During the progress of this study members of the recreation committee visited all the movies and pool rooms in the city and county, and were impressed by the marked change that has taken place since prohibition, which is manifested in the orderliness and good character of the cafes, restaurants, candy shops, soda and ice cream parlors, billiard and pool halls, and other places frequented by young people in their leisure time.

In Jacksonville, the Grand Opera house has a seating capacity of about 1200. The management occasionally brings the best musical and theatrical attractions but more often the usual run of road companies. First-class productions generally enjoy good patronage. The theater is operated as a moving picture and vaudeville house when not open for legitimate drama and music.

here are three other theaters showing moving pictures, at one of which vaudeville is also presented. The pictures were reported to be of a good type generally, but the comedies and vaudeville were adversely criticized. The buildings were satisfactory as to safety and cleanliness. With one exception the ventilation was poor.

## Pool Rooms.

The report on pool rooms was satisfactory as to management and conduct of patrons. Of the eight reported upon the business includes the sale of cigars and tobacco, and five of these also sell soft drinks. There are indications that an effort is made to discourage the attendance of boys.

## Public Dances.

During the progress of the study a number of dances under the auspices of various organizations were advertised in the papers. As a general thing the dances are held in lodge or club halls and this fact largely places the responsibility of management and conduct upon the organization maintaining the hall, which, in the main has had a beneficial effect upon the character of these dances.

## Recreation in the County

Waverly, Franklin, Murrayville, Alexander and Meredosia have public squares, most of which are well shaded and provided with bandstands. Some of them are fairly well maintained, but all are capable of improvement.

Waverly Community High school is surrounded by considerable ground which has been wisely planted. The people of that community may well be proud of these grounds which in a short time will be conspicuous example of what a school yard should be. The Chapin Community High school was recently given about five acres of ground as a site for the new school building. The donor, Mrs. Rena French Kessinger, requires as one of the conditions of the gift that the district plant and improve the ground according to landscape plans. In due time these grounds will be most attractive.

Some of the town and rural schools have insufficient grounds for ball games and organized games, especially where the buildings are old and were located before outdoor playgrounds were thought necessary. Even buildings recently erected have been placed where grounds are unavailable, and in some instances where suitable grounds might have been obtained. This lack of foresight will become more pronounced as time goes on. Except in a very few districts, little effort has been made to beautify rural school grounds or provide adequate suitable play space.

Few of the schools have any play equipment, either indoor or outside. Most of the teachers mentioned that the children play ball and group games during recess and outside of school hours. In the rural schools, where children must remain during the noon hour and oftentimes arrive before school opens there should be playground equipment.

Except for the community high schools the buildings are used very little for social gatherings. The standard schools, especially, might easily serve a much larger social need for the whole rural neighborhood.

The report shows a great lack of athletics or any organized and

supervised recreation for boys and girls. The county has no league baseball, but there are baseball teams in some of the smaller towns, and the game is played in all the rural communities.

Except in seven school districts, only two of which were rural schools, no club organizations were reported. There is a large field for the development of Scouts and Camp, Fire work, for agricultural clubs and for various school and neighborhood activities.

## Community Gatherings.

For many years a successful county fair was conducted at Jacksonville. The permanent location of the Illinois State Fair at Springfield forced the discontinuance of the Morgan County Fair.

Some of the villages in the county have carnivals. Wagon shows, some of them with animals and clowns, others presenting plays, both of very low grade, go thru the rural districts occasionally.

(To be Continued.)

You are cordially invited to attend a free lecture on Christian Science at the I. O. O. F. Temple, E. State St., tonight at 8 o'clock.

## COUNTY FARM BUREAU IN LARGER QUARTERS

Now Occupies Room in Hockenhull Building Formerly Used as Army Recruting Office.

The Morgan County farm bureau is now occupying the room in the Hockenhull building which was formerly used as an army recruiting office. This room is situated in the east part of the south upstairs wing of the Hockenhull building and will be used by Assistant Advisor Ruckner as his headquarters. This recent addition gives the farm bureau two large and admirably located offices and will afford ample space for the growing organization.

The farm bureau originally maintained offices in the court house, but increasing membership made it advisable to seek larger quarters. The old Chamber of Commerce rooms in the Hockenhull building were secured and for a time these were sufficient. Now, however, the business of the organization demands more office space and the new move was made.

The new office is just across the hallway from the reception room and office of County Advisor Kendall, the rooms being joined by a door in the south end of the building.

## MISS HARPER HEARD IN EXPRESSION RECITAL

Read "The Adventure of Lady Ursula" in Music Hall Yesterday Afternoon.

Miss Esther Jeanette Harper appeared in her certificate expression recital yesterday afternoon in the Music Hall of Illinois Woman's College. Before a large and appreciative audience she read "The Adventure of Lady Ursula," by Anthony Hope. The selection is a play in four acts written in the days when romance held sway in England. Miss Harper's interpretation was charming and artistic in every way and her audience enthusiastically responded to the sly English humor which ran thru-out the play.

Many Jacksonville people are already familiar with Miss Harper's excellent work, as a reader and she was seen at her best in the presentation of this play yesterday. An outstanding feature of Miss Harper's work is her excellent character delineation. The reader was especially charming in the character of Lady Ursula and in the humorous character of Mr. Blimboe. Miss Harper is a student of Miss Constance McCammon and Miss Harper's reading yesterday showed the excellent nature of the work which she has done while at the college, and also proved her to be a reader of rare ability.

Following are the characters of the play and a synopsis of the scenes:

**Characters.**

The Earl of Hassenden.  
Sir George Sylvester.  
The Rev. Mr. Blimboe.  
Mr. Jack Castleton.  
Mr. Deverux.

Quillon, Servant to Hassenden.  
Vills, Servant to Sylvester.  
Mrs. Fenton, Aunt to Dorothy.  
Dorothy Fenton, Betrothed to Lord Hassenden.  
The Lady Ursula Barrington.  
Sister to Lord Hassenden.

**Scenes.**

ACT I. The drawing room of the Earl of Hassenden's house. An autumn afternoon.

ACT II. The drawing room of Sir George Sylvester's house. That evening.

ACT III. Lord Hassenden's lodgings in London. Two hours later.

ACT IV. The same as Act II. Midnight.

Why the Brunswick Phonograph Is What It Is—

While we rely entirely on the inherent merit of the BRUNSWICK to prove its own case, as it has always done—yet, it is a source of great satisfaction to occasionally reflect on the wonderful organization and resources back of it which has not only been responsible for the present unique position of esteem in which the instrument is universally held, but which also furnishes us and our clientele of BRUNSWICK owners with the satisfying assurance that the BRUNSWICK will always be the most desired of all phonographs.

## A FEW FACTS CONCERNING THE MANUFACTURERS OF THE BRUNSWICK PHONOGRAPH

They are capitalized for \$50,000,000.00.

- have branch offices in twenty-five cities in the United States
- five in Canada, one in France, one in Cuba and one in South America.
- operate their own timber lands in Northern Michigan.
- make every part of the BRUNSWICK PHONOGRAPH in its entirety.
- are the only phonograph manufacturers in the United States, and we think, the only one in the world, that actually does this.
- have at the present time seven factories devote to the manufacture of phonographs and parts, and two factories to the pressing of records.
- cut their own veneer logs and slice their own veneer.
- manufacture their own panels and are just completing a plant to manufacture shipping cases for their phonographs.

Ponder over these facts and you will readily discover the reason of our enthusiasm for BRUNSWICK Phonographs and Records.

HEAR, THEN COMPARE

The way to fully appreciate the superiority of the BRUNSWICK is to hear it, then make comparison. Your ear will quickly decide in favor of the BRUNSWICK.

# WOOD RIVER BAPTISTS HAD GOOD PROGRAM

Interesting Themes Presented at Sessions of Convention Friday—Officers Elected.

The Friday morning session of the Wood River Baptist Sunday school convention was presided over by Rev. Mr. Lincoln of the Second Baptist church of Springfield. Following a song service the names of those chosen as officers for the ensuing year were brought in. Mrs. J. F. Johnson, district president of the woman's work association, presided and Rev. Mr. Beckum, pastor of the Pleasant Grove Baptist church, Springfield, installed the officers and made encouraging remarks. The officers are:

President—Mrs. Laura Lafayette.  
Vice president—Mrs. Medora Bryant.  
Recording secretary—Mrs. Althea Beck.  
Corresponding secretary—Mrs. Lucille Bardsdale.  
Treasurer—Mrs. Rachel Davis.

In the afternoon the devotional service was led by representatives of the Petersburg church, after which Rev. H. H. DeWitt introduced Rev. R. H. Hackley, pastor of Bethel A. M. E. church. The delegates rose to receive him and afterward he made an excellent talk on the influence of teachers and ministers. J. S. Findley, secretary of the county Sunday school association, made a very encouraging talk and emphasized some of the points already made by Mr. Hackley.

Then followed an address by Rev. Mr. Madison. It was decided to hold the next meeting at Pleasant Grove Baptist church. Rev. W. Henry Snowdon read a paper on the pastor's teaching work, which he said should be a part of the pastor's regular work.

At the conclusion of this Rev. Mr. Frost of the Second Christian church, Jacksonville, spoke briefly and then came an excellent sermon by D. A. Brandon of Calvary Baptist church, Springfield, who had for his theme "One Thing Needful." Following the sermon Miss Gustavia Bridgwater of Pleasant Grove church sang very sweetly "Jesus is All the World to Me." Miss Esther Hummer of Lincoln Sunday school followed with a paper on "What Relation has the B. Y. P. U. to the Sunday School?" This was an excellent presentation of the subject. At its conclusion came adjournment.

**OBITUARY.**  
John Higbee Langdon, son of Aleus and Mary Langdon was born in Manchester, Ill., Dec. 27th, 1854.

Here he grew to manhood, receiving his education in the public schools. He was united in marriage with Theresa Evans Husted of Manchester, Oct. 27, 1875. To this union the following named children were born: Howard Aleus, at home; Elmer Husted of near Manchester; Percy Clement, deceased; and Clara Eloise, wife of Fred N. Collins, of White Hall, Ill.

With the exception of a few months his life has been spent in Manchester. Mr. Langdon was a man of sterling worth, believing and practicing the homely virtues of truth, honesty and loyalty to his fellow men.

No night was too dark, no weather too stormy for him to heed the call of the sick or suffering and he never was known to turn a deaf ear to a man in need. As a companion he was loving, kind and true. As a father he was of that nature that his children called him blessed, as a business associate, as neighbor and friend he was loved by all.

He accepted Jesus Christ as his personal Savior about two years ago. Although not directly connected with the church he was a very close friend of the church. Always ready and willing to do what he could.

After several years of failing health he passed quietly away at his home, April 11th, 1921 at 2 p. m., aged 67 years, 3 months and 14 days.

He leaves to mourn his loss his companion, two sons, Howard and Elmer, one daughter, Clara, two grandchildren, John Hal son of Elmer, and Lloyd Langdon, son of Clara Collins; also one nephew, Aleus Collins, Knight of White Hall. It is with sad heart we follow him to the tomb, but with full assurance that God doeth all things well, we humbly, yet sorrowfully submit to His will.

## RALLY IN SEVENTH GIVES CUBS GAME

Drive Riviere and Kircher from mound and win by score of 11 to 4—Lightning Double Play Stops St. Louis in Eighth.

CHICAGO, April 15.—A seventh inning rally by Chicago in which Riviere and Kircher were driven off the mound, enabled the locals to come from behind and make it two straight from St. Louis, 11 to 4. Haines finished the seventh inning against the Cubs but gave way to North in the next inning.

The visitors took the lead by launching hits off Martin before he settled down and held them safe. York finished for the Cubs, after a pinch hitter replaced Martin and a lightning double play by Hollocher, Terry and Grimes, prevented St. Louis from scoring.

## CABLE CONTROVERSY IS NOW BEING HEARD BY SUPREME COURT

Western Union Counsel Rides Government Contention

**MONOPOLY PROHIBITED  
IN CABLE PERMITS**

By Associated Press.  
WASHINGTON, April 15.—The government contention that a cable connection constituted a physical encroachment upon the territory of the United States was ridiculed today by the counsel for the Western Union Telegraph company in opposing before the supreme court the appeal from lower court decisions refusing to enjoin the company from landing the Miami end of the Barbadoes-Brazil cable.

"The government's argument is that there may be an effectual evasion by an alien invader over the wires of the domestic company," Rush Taggart, attorney said.

"There is no physical connection save by messages over the wire, which are commerce," Solicitor General Frierson, concluding the government's case today said cable landing permits in fifty years had almost without exception contained a proviso against monopolistic concessions.

Such was alleged to be contemplated by the Western Union's connection with the British-Brazilian lines. Should cabinet officers be prevented from enforcing such a requirement, he said, "the government would be powerless to prevent that company from accomplishing its purpose except by cutting the existing cables."

**C. E. SOCIETY OF  
WOODSON HAD SOCIAL**

Young People of Christian Church Held Monthly Social Friday Evening—Other, Woodson News Items.

Woodson, April 15.—The Christian Endeavor society of the Woodson Christian church held their monthly social at the church basement Friday evening. A very interesting program was presented and delicious refreshments were served. A large number of young people enjoyed the occasion.

The boys' side in the Junior contest won over the girls and the latter will therefore entertain the winners in the church basement Saturday afternoon.

Mr. and Mrs. H. L. Owens and little daughter, Elizabeth returned Monday from a short visit in Pearl.

The Red Cross branch held a short meeting the first of the week. At this session it was decided that the Woodson branch will assume its full share of the salary of the county nurse. C. C. Self was made a member of the executive committee of the Morgan county chapter.

Rev. O. C. Bolman and family of Jacksonville were brief callers at the Christian church parsonage one day this week.

Rev. H. H. Fuller and wife of Woodson were dinner guests Tuesday at the home of Mrs. Taylor and daughters, south of Jacksonville.

**HEARING ON WHITE HALL  
PAYING PROPOSITION**

White Hall, April 15.—There was a large attendance at the public hearing this morning on the Main street paving proposition, and the majority opinion is that the work should be dropped for the present. This will likely govern the action of the city council in final action at their next meeting, and the board of local improvements will be governed accordingly. The hearing was held in the council chamber of the city hall. The estimated cost of the paving is approximately \$120,000.

## ROTARIANS HEARD CONVENTION REPORTS

All Delegates Found Program Impressive — C. H. Russell Made Interesting Address Here — Mr. Pontius Given Token of Esteem.

Rotarians at the weekly luncheon at the Pacific hotel Friday heard one minute reports of the district meeting held at Peoria from 25 or more Jacksonville men who attended. There came a very informing talk by C. H. Russell on "The Evolution of the Timepiece."

This was the final meeting at which the retiring president, Rev. M. L. Pontius, was to preside and in recognition of the splendid service he has given the club H. M. Capps, acting as spokesman, presented Mr. Pontius with an envelope filled with greenbacks. This special token was given with the suggestion that the fund may be useful when Mr. Pontius starts in the course of the next few days for a visit with Mrs. Pontius, who has been at Saranac Lake, N. Y., for the benefit of her health for a period of months.

Mr. Pontius who responded in an appropriate way, was evidently greatly touched by this evidence of esteem and good will on the part of his fellow Rotarians.

Most of the one minute reports of the district conference emphasized the serious work included in the general Rotary program, especially in its relation to boys' work. Attendance at the conference had evidently impressed the Jacksonville men anew with the possibilities of work for and with boys in its relationship to the citizens of tomorrow.

**Made One Minute Talks.**  
Among those who made brief reports were Dr. J. G. Ames, Walter Ayers, Frank Byran, E. E. Crabtree, J. H. Haskett, Henry Frisch, L. T. Hamilton, Fletcher Hopper, Dr. Charles Hopper, M. C. Hook, H. M. Capps, W. T. Harmon, G. H. Kopper, J. K. C. Pierson, L. T. Potter, Dr. A. L. Adams, Fred Begg, H. L. Caldwell, C. Y. Rowe, Eb Spink, Earl Spink, A. R. Taylor, T. M. Tomlinson, Vincent Riley, Dr. C. H. Rammelkamp, Judge Samuel, L. F. Randall and C. H. Russell.

John D. Cain expressed his regret because certain circumstances had prevented his attendance at the Peoria meeting.

The newly elected officers were then presented. They are V. R. Riley, president; J. W. Walton, vice president; Dr. G. H. Kopper, secretary; L. F. Randall, treasurer; M. C. Hook, sergeant at arms.

Mr. Russell in beginning his excellent address said: "We say that our club meets at 2:15."

John on each Friday. That sounds very simple but the natural laws which form the basis upon which this statement can rest and the gradual evolution of the instruments which are designed to interpret those laws are very far from simple."

Then followed a complete story of the timepiece traced from the earliest period of human existence down to modern times. Paragraphs from Mr. Russell's address will be used in a later issue.

## ILLINOIS COLLEGE WON IN TWO DEBATES

Wrested Victory from Carthage College On Both Sides of the Immigration Question.

Illinois college representatives were victorious both in Jacksonville and Carthage in the debates with Carthage college Friday night. The question of immigration restriction was again discussed. Locally the Illinois men had the negative of the question and won the decision unanimously. In Carthage the affirmative side and there won a two to one victory.

The debate in Jacksonville was held at Jones Memorial building with a goodly audience in attendance. Illinois was represented by Franklin Scott, Hugh Wilson and Bernard Frazier, while Carthage college debaters were Carl Faust, William Arbaugh and George Bernswanger.

The form of the question was solved, the U. S. Should be further Restricted by Law. The judges here were Prof. Smith, head of the department of commerce at James Millikin University; Supt. Hutchins of the Roodhouse high school and Supt. Walter of the Bluffs high school.

In Carthage the debate was held at the Lutheran church before a large audience. Illinois college had the following representatives: Ray Ragan, Homer Thompson and Elmer Nichol.

The Carthage debaters were Messrs. Stidley, Carl and Yetis.

## WILL ELECT SCHOOL BOARD MEMBERS TODAY

Polls Will be Open in Four Wards From Noon Until 5 O'clock.

The polls will be open from 12 o'clock to 5 today for the school board election. The candidates are Julian P. Lippincott, president; Members W. P. Duncan, Albert C. Metcalf and George S. Rogerson, all of whom are now serving. So far as known there is no opposition to any of these candidates and in consequence a quiet election is expected. However, as is usual, friends of the candidate will be on the lookout to see that there are no "dark horse" nominations.

The polling places will be: First ward—Jefferson school. Second ward—David Prince building.

Third ward—Election building, corner College avenue and Mauvaster street.

Fourth ward—Election building, corner Grove and Fayette streets.

## MISS EDNA SHEPPARD WINS HIGH PRAISE

The Boston Globe in a recent issue contained an article relative to one of the big Sunday night free concerts which are given in a number of halls in that city.

One of the leading clubs of the Hub is the Globe Music club which gives concerts in DeWitt Clinton hall. Miss Edna Sheppard, daughter of Mr. and Mrs. J. S. Sheppard of this city is one of the artists who appears at this hall. The Globe has the following to say of her:

"At last but not least, is Edna Sheppard, a marvel, one of the greatest woman accompanists. As an instance Radamsky has over one hundred songs and arias, and Miss Sheppard plays them all without notes; she herself has arranged one of Radamsky's songs."

## Daily Market Report

### STOCK MARKET ACTIVE AND STRONG

By Associated Press.  
NEW YORK, April 15.—The stock market was active and strong today, suddenly reversing its position of previous days as a result of cumulative developments of highly encouraging character.

Chief among these was the decision of the railway labor board abrogating the contracts entered into by the federal administration.

Improvement in the British labor situation exerted a favorable influence while the reduction of money rates caused activity.

While selling for profits failed to impair prices the list being at its best in the last hour, leading rails made net gains of from 1 to almost 3 points, while oils, steels, equipments and related specialties registered advances of two to 5½ points. Sales amounted to 570,000 shares.

## JURY MADE FINDING IN PURVINES CASE

Verdict Rendered That Victim-  
arian's Death was Due to Pneumonia  
Resulting From Lung  
Wound—Assailant Ordered  
Held.

The jury which was called to investigate the death of Dr. Louis G. Purvines held Samuel Jones responsible, as a knife wound in the dead physician's left lung is said to have been largely the cause of his death. The immediate cause of death was pneumonia, but that disease was brought on by the attack Jones made upon him at Ashland, March 16 in an altercation over a bill.

The inquest was held by Coroner Rose in the circuit room with State's Attorney Carl E. Robinson of Morgan county and State's Attorney L. M. McClure of Cass county present. The first witness was Dr. W. P. Duncan who gave details of the post mortem examination performed, testifying that the immediate cause of death was bronchial pneumonia brought about by a complication resulting from a knife wound in the left lung. The facts of this testimony were corroborated by Dr. Edward Bowe and Dr. Ellsworth Black.

Much of the testimony taken related to the facts surrounding the altercation in which Jones and Dr. Purvines engaged. Among the witnesses were Charles B. McGaugh, livestock dealer, William Graff, farmer, William Thomas, teamster; Clifford Clark, waiter.

The testimony of one or more of the witnesses indicated that Dr. Purvines struck the first blow. William Graff testified that on the day of the trouble he saw Purvines and Jones meet each other near a railroad track and that there was a quick exchange of blows. He said that he saw Jones throw his arm around Purvines and soon he noticed that Purvines was backing away with Jones following him. Then he said that the doctor told him "He cut me with a knife." The witness said he stopped and unbuttoned part of the doctor's clothing but could see no wound. However, Purvines insisted that he had been cut and hurried on to a physician's office about two blocks away.

Told of Encounter.  
Charles McGaugh emphasized that Mr. Jones owed the Doctor Purvines a bill and that the doctor had asked him (McGaugh) to help him collect the bill as Jones had been working for him. Later William Thomas testified that immediately after Mr. McGaugh had given Jones a check in payment for his work Dr. Purvines stepped up to him with an oath and said: "If you were not an old man I'd beat your head off." According to this witness Jones replied: "Don't let that bother you" and then the men clinched.

Clifford Clark testified to seeing Purvines and Jones throw rocks at each other and later that they came to blows. It was his testimony that Dr. Purvines struck the first blow. The verdict of the jury was to the effect that Dr. L. G. Purvines came to his death "from bronchial pneumonia, the result of an injury to the left lung, which injury was caused by a knife wound, said knife being held in the hand of Sam Jones of Ashland. We recommend that the said Sam Jones be held responsible for the death." The jurors were M. A. Hulet, foreman; Ben Owens, Ray Hartman, W. Edelbrock, D. T. Heimlich and Walter DeShara clerk.

## Social Events

### Hosts to Card Club.

Mr. and Mrs. Leo Johnson were hosts to their card club last evening at their home on South Prairie street. The evening was pleasantly spent in playing bridge, after which excellent refreshments were served.

### Entertained at Dinner and Theatre Party.

Misses Martha and Lucille Mason entertained at six o'clock dinner last evening at their home on West College Avenue. After a delicious menu had been served, the guests enjoyed some music and later went to the theatre. Out of town guests at this affair were, F. W. Hill of Chicago and Miss Katherine Turner of Waverly.

### Gave Party for Miss Hart.

Miss Nina Hetherbury gave a delightful little birthday party yesterday afternoon in honor of Miss Eleanor Hart. The occasion was Miss Hart's twelfth birthday and about eighteen of her friends were present at the party given at her home on North Church street. Several games were played which afforded much merriment to the guests. During the afternoon the hostess served delicious refreshments.

### Ebenezer Aid Met With Mrs. C. S. Black.

Members of the Ladies' Aid society of Ebenezer church met with Mrs. Charles S. Black at her home north of the city Friday afternoon with a good attendance of members. The president Mrs. J. C. McFillen presided and read the scripture lesson. This was followed by devotionals and song and a chain of prayer by Mrs. McFillen, Mrs. Cully and Mrs. Bridgeman.

The society voted to hold a chicken supper at the church April 27. Following the business session a guessing contest had been arranged by the president and Miss Beatrice Standley won the prize. A social hour followed and the hostess served refreshments.

The next meeting will be held with Mrs. Arch Bridgeman Thursday, May 12.

### Christian Endeavor Societies Have Banquet.

The Junior and Intermediate Christian Endeavor Societies of the Central Christian church were entertained at a banquet last evening at the church. The banquet was served at six o'clock by the mothers of the children in the societies. An elegant menu was prepared and there were over one hundred children present to enjoy it. Those who were in charge of the banquet were, Mrs. J. H. Hall, Mrs. Lloyd Hamilton, Mrs. E. A. Olds, Mrs. Owen Graff, Mrs. Robert Mullenix, Mrs. James Green, Mrs. H. K. Dorr and Mrs. George Bradley.

After dinner the young people had a gay time playing all sorts of games and having a very fine time generally.

As a feature of the entertainment program Miss Martha Sellers of Illinois Woman's college gave several readings which were enthusiastically received.

## M. R. FITCH DIED SUDDENLY LAST NIGHT

Well Known Citizen Succumbed  
to Heart Disease—In Business  
Here Thirty Years.

The useful life of Maurice R. Fitch came to an untimely close Friday night at Maple Dale, his home just west of the city. Only within the past two weeks had Mr. Fitch and his family moved to this new home and he was planning for a period of restful years. An attack of heart disease brought the end at 7:30 o'clock last night.

Mr. Fitch who was fifty-five years of age, was born in Indiana. As a child he removed with his parents to Mattoon and there grew to manhood. He came

M. R. FITCH

to Jacksonville in 1886 and for the past thirty years has been actively associated with business life here. He was first connected with the grocery store of Roosa and Co., in a store room on South Main street. A few years later he entered into partnership with J. H. Myers and the firm operated a store in the Morrison building.

In later years Mr. Fitch erected the substantial building at the corner of South Main and East College avenue where he closed out a substantial business a year ago because of failing health. A life of greater activity seemed to be helpful and while Mr. Fitch was not a well man, members of his family and immediate friends who knew of his condition were not expecting the sudden termination of his life.

While active in a business way Mr. Fitch found time for public enterprises. He was identified with the old retail merchants' association and later with the Jacksonville Business Men's association. When the citizen's water supply committee was chosen he was one of the number because of his reputation for stability and sound judgment. Until he retired from business Mr. Fitch was a member of the Rotary club. The deceased had for many years held membership in Central Christian church and was identified with Hini Lodge No. 4, I. O. O. F. A man of most exemplary life, Mr. Fitch was accorded the good opinion of all who knew him. He was a man of remarkably even temperament, and because he was unwavering by passion or prejudice many learned to rely upon his good judgment.

The deceased was married in 1895 to Miss Luia Barr. He is survived by Mrs. Fitch, together with one daughter and son, Aileen and Eugene Fitch. There are also one sister and two brothers: Mrs. Anna Frances Miller of Chicago, Clement Fitch of Detroit and Charles Fitch of this city.

The remains were taken to Reynolds Mortuary but no arrangements have been made for the funeral.

## MRS. L. B. SMITH DIED IN WEST VIRGINIA

Lived Here in Other Years—Interment to be Made in Cemetery Near Island Grove.

A telegram received Friday brought news of the death at 1 o'clock April 15 of Mrs. Lloyd B. Smith at Rainelle, West Virginia, where the family has been resident for several years. Mrs. Smith before her marriage was Miss Jennie Spruill and she was the daughter of Rev. and Mrs. W. S. T. Spruill, for a number of years pastor of Brooklyn M. E. church. The deceased was born on Dec. 30, 1865. Her marriage to Mr. Smith occurred in this city on April 12, 1882, and the family home was maintained here until about 1900.

Mrs. Smith is survived by her husband and one son, Lloyd Smith. She was a woman of especially attractive characteristics and many people here will regret to know of her death. The end came after an extended period of illness.

The remains are to reach New Berlin Monday and following the arrival of the train the funeral service will be held at the home of J. D. Smith. Interment will be made in Woodreath cemetery.

## INJURED ARM BY FALL.

Mrs. John W. Clary of 816 West North street is a patient at Our Savior's hospital, where she went for an X-ray examination of her right arm. Mrs. Clary injured her arm by a fall recently and it was at first feared that the bone was broken. However, the examination disclosed the fact that there was only a bad dislocation.

## SELLING COBS FOR SMOKERS USE

John Cain Has Profitable Crop In a Bad Year--Shipping Car Load of Cobs to Missouri Factory.

John Cain has been loading in the past days a car of corn cobs to ship to a town in Missouri, where a corn cob pipe factory is located. The corn is of a special breed and was raised by Mr. Cain because the size of the cob makes it usable for pipe purposes. The cobs bring 65c per 100 and there are nearly 200 ears of corn in a bushel, it is easy to see that the cobs of this special corn that Mr. Cain has raised are worth considerably more than the grain itself.

A considerable acreage on the Cain farm three miles south of Jacksonville was planted this year, and there is also an acreage on the farm southeast of Jacksonville. A number of Mr. Cain's neighbors have secured seed from the pipe factory for planting this year, so that the indications are that in the crop season of 1921 there will be substantial shipments of Morgan county corn cobs to Missouri.
